

Tongass Homeschool Activities

Perhaps you could provide your child with a notebook and a folder to record any work and hold extra papers. The children are familiar with writing the date every day and recording what they work on, this would be helpful to continue. If the children could continue daily reading and writing practice, that will make it easier when we transition back to school.

We have generated a list of ideas for you to choose from, perhaps aim for 3 in the morning and 1 or 2 in the afternoon. Of course, we understand that many of you will still be working and you will have to figure out what works best for you.
